Solid Waste Administration
State of New Jersey
Dept. of Environmental Protection
Trenton, New Jersey 08625

Re: National Gypsum Property, Millington, New Jersey

Dear Ms. Tylutki:

Thank you for your letter of July 3, 1978 on the subject and the information it contained with respect to our necessary application for a stream encroachment permit from the Bureau of Flood Plain Management.

We have established contact with Buthros Habek, and are acting with dispatch.

Very truly yours,

A handwritten signature in dark ink, appearing to read "Edward L. Jurewicz".
